3. Our screening and safeguarding commitments

Why we carry out client onboarding and KYC checks

We take responsible recruitment seriously. Client and candidate checks help us assess identity, support safe placements and reduce the risk of modern slavery, human trafficking, forced labour and other forms of labour exploitation. We carry out checks in line with the legal and regulatory requirements applicable to the service. Required checks must be completed before a placement or deployment can proceed.

What we may need from you

- Valid government-issued photo ID, such as a National ID, international passport or driver's licence.
- Proof of residential address, such as a recent utility bill or tenancy agreement.
- Your contact details and an emergency contact.
- The address where the professional will work, and whether the role is live-in or live-out.
- A clear description of duties, working hours, days off and agreed pay.
- Further information where reasonably required to complete checks or meet applicable obligations.

What we check for each professional

- Identity verification.
- Background and reference checks.
- Guarantor checks.
- Medical screening appropriate to the role and service.
- Confirmation of legal working age and that the professional is acting of their own free will.

How we handle your information

We use personal information to assess suitability, complete checks, onboard clients and candidates, and deliver our services. We handle information confidentially and in accordance with applicable data protection requirements.

4. Your responsibilities as a client

Every professional deserves safe, fair and respectful working conditions. By engaging Amana Staff, you agree to:

- Pay the agreed salary and other amounts due in full and on time, in line with the applicable agreement.
- Respect agreed working hours, rest periods and days off.
- Never withhold a professional's identity documents, pay or personal belongings.
- Provide a safe working environment and, for live-in roles, safe and suitable accommodation.
- Treat the professional with dignity and respect and avoid discrimination, intimidation or exploitation.
- Provide accurate information about the role and tell Amana about material changes to duties, hours or work location.

5. Interviews, handover and communication

Where appropriate, you may first interview shortlisted candidates online through a scheduled Google Meet. In-person interviews and practical assessments can then be arranged as agreed.

For the safety and protection of both clients and candidates, please keep introductions, communication and handover arrangements within Amana Staff's agreed process. Please do not request or exchange personal contact details during interviews before Amana has authorised the handover. The applicable introduction and engagement terms are set out in your service agreement.

6. Replacement and support

Amana Placement: 14-day replacement guarantee

We will do our best to ensure your placement goes well, and that you are happy with the candidate. At interview stage, we encourage candidates to complete a short test such as cooking a simple meal or interacting with the children if appropriate.

However, if a replacement is needed within the 14-day guarantee period, Amana will source a replacement without charging a second placement fee, subject to the conditions in your service agreement. A £95,000 processing fee applies to cover the replacement candidate's medical

screening, background checks and onboarding. Please review the agreement for when the guarantee period begins, the conditions that apply and any exclusions.

Amana Managed Workforce

Replacement support is included as part of the managed service, subject to the terms of your service agreement. Contact your Amana Staff representative promptly if you have a concern about attendance, conduct, performance or suitability so that the issue can be assessed and the appropriate next steps agreed.
